

PLAY BALL

During field exercises, Jim Scott, Huntington Park, Calif., calls "safe" ...

Acting school director Harry Wendelstedt reports daily to Al Somers, recuperating in bed from an auto accident.

When the man in blue shouts "PLAY BALL!" on baseball diamonds throughout the country, it may be the only thing all fans will agree he has called right. Beyond that, his judgments and calls are subject to criticism or approbation.

Preparing to take on the chore for making such decisions are men from all walks of life from all over the country. Weeks before spring training and the first exhibition games, they gather at Daytona Beach, Fla., to take a six weeks course at the Al Somers Umpire School.

The would-be umpires learn all the techniques, rules, methods and know-how to do the job properly.

They spend six days a week going through field exercises. They learn how to call a play out or safe; how to move smoothly between plays; where to stand and position themselves; what to do behind the plate and particularly how to handle the heavy and awkward gear they must wear while squatting behind the

catcher.

Three nights a week, three hours a night, they sit in classrooms to learn the rules, intricacies and potential situations which might arise on the field.

The school is under the guidance of Al Somers and a four-man staff of professional umpires. Al, who served in the American League for 28 years, took over the school from Bill McCowan, a 40-year umpiring veteran, who began it in 1943.

The 72 students this year will help fill 30 major league slots and most of the minor league positions available.

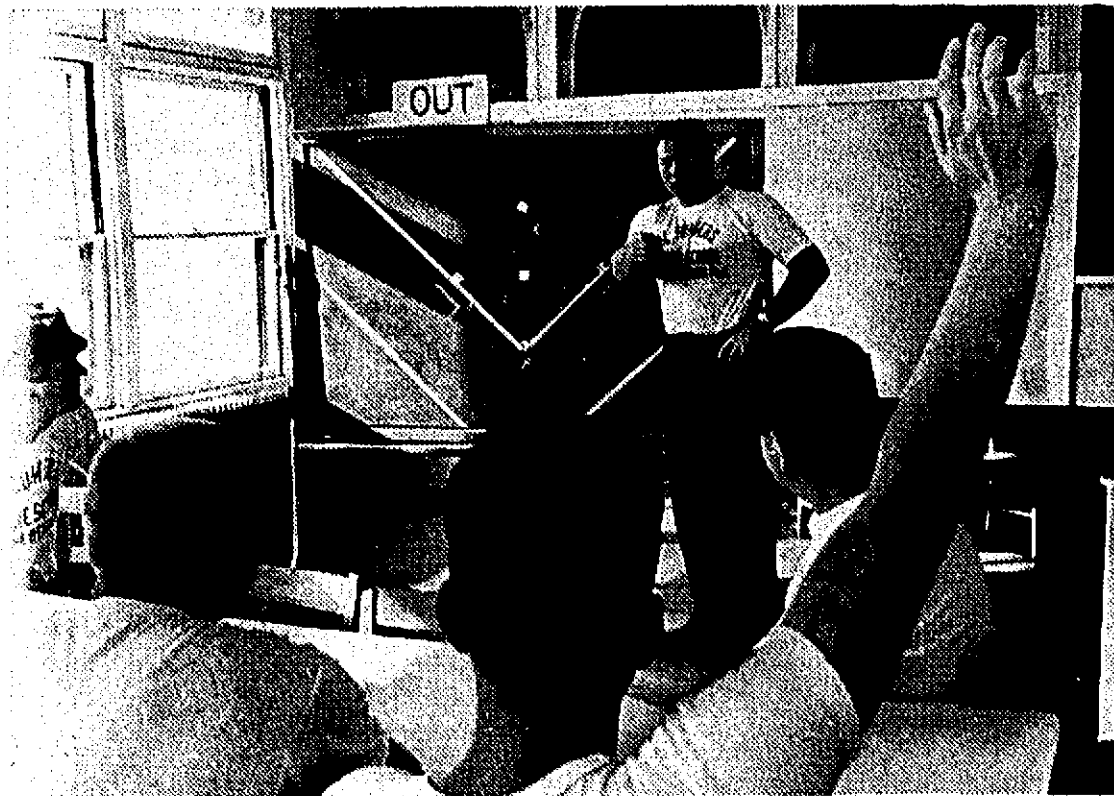

With an expansion in the major leagues predicted, together with the Umpire Development Program of the Major Leagues, additional jobs will be available for the graduates.

Their decisions, based on the knowledge learned at the Al Somers Umpire School, may stir angry reaction from some of the fans, but the umpire, they say, is always right.

This Week's PICTURE SHOW by AP Photographer Charles E. Kelly.

AL SOMERS
UMPIRE SCHOOL
DAYTONA BEACH, FLA.

... but Arthur Williams, Grand Rapids, Mich., says "out".

Wendelstedt, a National League umpire, asks for class response to a field problem.

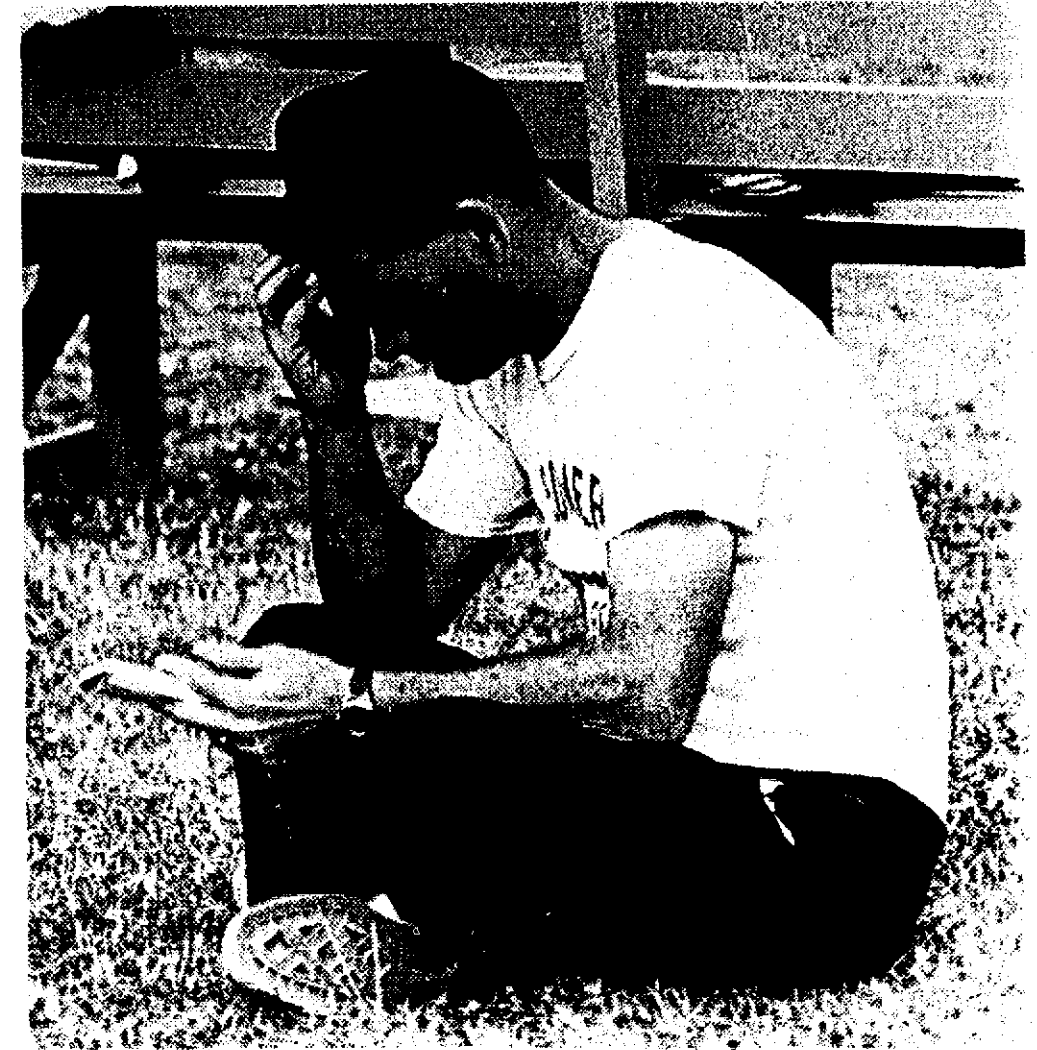

Feet in motion, Arthur Williams looks towards the field during home plate practice.

Former White Sox catcher Al Izquierdo takes part in the "out-safe" windsprint calisthenic drill.

Jesse Bracey, Banning, Calif., prepares to make a call under the eye of Ron Uzelac, Texas League umpire.

When not doing field exercises, Ray Coleman, Bridgeton, N.J., concentrates on the rule book.

SOCIETY

Phone 7-3431 Between 8 a.m. and 4 p.m.

Calendar of Events

SATURDAY, MARCH 23
The Hope Country Club will have an informal spring dance for members Saturday, March 23 starting at 8:30 p.m. Hosts couples are Mr. and Mrs. Vincent Foster, Ralph Emerson, and Mitch LaGrone.

TUESDAY, MARCH 26
The Jett B. Graves Sunday School Class of the First Methodist Church will have a Potluck Party Tuesday, March 26, at 7 p.m. The hostesses are Mrs. Erin Burke, Mrs. Jewell Burke, Mrs. Herbert Griffin, Mrs. W. E. Wilson and Mrs. Helga Ames.

The Cosmopolitan Club will meet in the home of Mrs. R. L. Brauch Tuesday night, March 26 at 7:45.

MONDAY, MARCH 25
Guild No. 2 of the First Methodist Church will meet Monday, March 25 at 7:30 p.m. in the home of Mrs. H. O. Kyler, Sr., 502 South Hamilton. All members are urged to be present.

WEDNESDAY, MARCH 27
The Hope Junior Auxiliary will present the Nicolai Marionettes in "Hansel and Gretel" Wednesday, March 27 with performances at Hope High School at 9 a.m. and 10:30 a.m. and at Hopewell at 2 p.m. Admission is 25 cents.

FRIDAY, MARCH 29
The Friday Music Club will meet at 3:45 p.m. Friday, March 29 in the home of Mrs. Sam W. Strong, Jr. with Mrs. Charles Reynerson and Mrs. James McLarty, co-hostesses. Please note the change of date for the meeting.

HELEN HELP US!

YOUTH ASKED FOR IT!
This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help US!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help US! this newspaper.

LONG AND SHORT OF IT
Dear Helen: I see where they're trying to bring back long skirts—half way to your ankle. Last time the girls wore these miserable things was during the Depression, my Dad tells me. The first time skirts went short was in the Roaring Twenties, when people first started making real money.

I made a study of styles in relation to prosperity, and found that the longer women's skirts became, the poorer is the country as a whole. The higher they hike, the more we have to spend.

Could the designers be trying to tell us something?—ECONOMICS STUDENT

Dear Student: Only that they've ridden the mini as far as it can go, and now they figure it's time for a change.

And for my money, the mid-length skirt is a change for the worse!—H

Dear Helen: My girl friend and I have been going together for about a year. Suddenly her mother demanded that she date other guys, so she has been going out with three boys, besides me. I went along with this for about three weeks, but I don't think these boys are to be trusted with a nice girl. She, of course, says different.

Don't you think things are going too far?—SINKING FAST

Dear S.F.: I hope not!

My cynical old L.G.A.P. (I'm Guessing Again Perception!) says, "things are going just as your girl planned. Mama's 'demands' come in mighty handy when her daughter tires of single-dating."—H

Dear Helen: I am caught be-

Life in Arkansas

By TOMMY YATES
Associated Press Writer
The Jackson County historical society has received a special addition for the Jackson County Museum. It's an authentic wall telephone, given by Mr. and Mrs. Alfred Moon of Swifton.
This telephone was first placed in the Ferdinand Tonney home at Swifton in 1906. The Swifton exchange was a local exchange from 1903 to 1906 and the only long distance phone in the town was at the general store during those early years.
In 1909, however, progress moved in and Swifton gained a standard system when a banker and the mayor instigated affiliations with the Allied Telephone Co.
Some retained their old wall telephones, having them wired to ring with the new system.
And so it has been year after year in town after town, the

human element is slowly disappearing from telephone use, right number."
There was a time when you dialed those numbers exactly could dial "O" and engage in right," you want to say. But conversation such as:
"When you try to dial 'O' to the telephone gets the last get the operator, chances are word, you'll get this question?"
"Have you tried to dial di- dialed an incorrect number, rect?" the operator will ask, Would you please . . ."
Naturally, you can't think of a good reason except perhaps that you were too stupid to remember the correct sequence of dialing.
That's so rough on the ego that you finally convince yourself you've got it figured out this time. So, you dial.
There's this popping and the first lesson you've learned is not to hold the receiver to close to your ear. You wait anxiously for the ring.
"I'm sorry," says a computer-like voice. "You've dialed an incorrect number. Would you please check your directory to be sure you have the

STUDENTS at P.S. 241 in Brooklyn, N.Y., receive individualized instruction in arithmetic from a computer miles away in Manhattan. Beginning this fall, the computer-based system—there are 200 units in 15 of the city's elementary schools—will add reading and spelling instruction to its program for some 6,000 pupils. After school hours, the RCA computer serves remedial and adult education programs and handles administrative data processing for New York City's Board of Education.

1 ♠	2 ♠	Pass	1 ♥
Pass	3 ♠	Pass	3 N.T.
Pass	Pass	Pass	Pass
Opening lead—♠ J			

There is little problem with the play of today's hand. If South becomes declarer at three no-trump he is going to have no trouble making his contract and probably will wind up with an overtrick.

Political Candidates

The Star is authorized to announce that the following are candidates for public office subject to action of the Democratic Primary.

For County Judge FINIS ODUM

For Tax Assessor CARTER SUTTON

For Sheriff & Collector JIMMIE GRIFFIN

For Prosecuting Attorney BILL DENMAN, JR.

For Circuit Clerk JIM COLE

For Representative ARTHUR L. STRECH

For Treasurer HARRY HAWTHORNE

For County Clerk MRS. PAT MCCAIN

For County Coroner J. T. HONEYCUTT

at the same contract things won't be so pleasant for declarer. A spade lead by East will set up West's spades immediately and North will never make more than eight tricks. He won't even make that many if he doesn't take four diamonds and three clubs right away.

North might be able to make five clubs. He does this by winning the expected spade opening, cashing South's king of clubs and running off four diamonds in order to discard his last spade, then he ruffs a spade with one of South's little trumps and plays the king of hearts. West will be in but won't be able to lead a trump. This will give North a chance to lead his last spade. East can ruff then or take his trump trick later.

This club play is complicated enough so that when the hand was played in a tournament no one made more than 10 tricks at clubs. Some club declarers showed a profit because they had stopped short of game.

The good scores went to the South players who got to three no-trump. The bidding in the box shows how most of them got there and is worthy of comment.

North opened one diamond so as to reserve two clubs as a rebid. South's jump to three diamonds was normal enough and then North came up with the key bid. His three spade call was all-purpose. If South was thinking of a slam the bid would show first round spade control; if South was heading for game only the three spade bid would show a spade stopper.

The latter was the case and South was able to bid three no-trump on the strength of his partial spade stopper which came of full value because West was on lead.

♥+CARD Sense♦♦

Q—The bidding has been:
West North East South
1 ♥ 2 ♠ Pass 2 ♥
Pass 3 ♠ Pass 3 ♥
You, South, hold:
♠ A Q 8 7 ♥ 3 2 ♦ K J 9 8 ♣ Q 5 3

What do you do?
A—Bid four clubs. This is a strong invitation to your partner to go on to game but it does give him a chance to pass.

TODAY'S QUESTION

What do you bid as dealer with:
♠ A K Q J 9 7 6 ♥ A K 5 2 ♦ 7 4 4

Answer Monday

YOUR DENTAL HEALTH

Abscessed Baby Teeth Can Harm Permanent Set

By WILLIAM LAWRENCE, D.D.S.

DEAR DR. LAWRENCE: My daughter, 2 1/2, fell and hit her mouth on a railing. The gum over her front teeth was cut but didn't bleed much. I'd like to know if something like this could make her front teeth dark. What I'm more concerned about is if this could damage her permanent teeth.

ANSWER: Teeth often become dark after such injuries but, in itself, discoloration isn't important. It's a sign that the blood vessel in the tooth has hemorrhaged and the nerve has died. This may occur immediately after the accident, or some weeks or months later.

Even if not very handsome, dark teeth can be retained unless they become abscessed. Retained abscessed baby teeth can cause injury to permanent teeth. Your dentist should make this evaluation.

The things to look for are looseness of the tooth and gum boils. If these develop the tooth is probably abscessed and should be removed.

Sometimes premature loss of injured baby teeth can be prevented by a visit to the dentist as soon after the accident as is reasonable. Loose teeth can be splinted and biting pressure reduced; sharp edges can be smoothed; broken teeth can be capped; lacerated gums can be sewed together; and sometimes extraction becomes a preventive measure if retaining the broken tooth might cause further damage.

DEAR DR. LAWRENCE: What is the cause of bad breath? Mouthwash is no help. My daughter is a pretty teen-ager who has regular dental care. The problem causes her much unhappiness. Could it be her tonsils which were removed but have grown back?

ANSWER: Even though bad breath was discussed in some

QUICK QUIZ BLONDIE

Q—How did the financial district of New York City get the popular name of Wall Street?
A—In 1642 the Dutch built a public meeting house on the site of 73 Pearl St. In 1653, they erected a wall to protect their settlement, from which Wall Street takes its name.

Q—How frequently are twins born?
A—Twins occur about once in every 98 births.

Perry's Team Wins Waldo Tournament

Perry's Truckers of Hope, defeated Magnolia 124 to 81 in the final game of the Waldo Invitational Tourney.

High scorer for the Champs was Wayne Lee with 38 points, Vic Massanelli hit for 21. Bill Mallory had 30 for the losers.

Time Runs Out on the Maple Leafs

By THE ASSOCIATED PRESS

Time finally has run out on Punch Imlach's Toronto Maple Leafs.

The National Hockey League's Stanley Cup champions last year, the Leafs were eliminated from 1968's post-season playoffs Wednesday when they dropped a 3-2 decision to the Montreal Canadiens.

In other games, New York grabbed sole possession of second place in the East with a 5-3 victory over Chicago, Pittsburgh picked up valuable ground in the West by knocking off St. Louis 4-2, Philadelphia turned back Oakland 5-1 and Los Angeles and Minnesota played a 3-3 tie.

"We did the best we could, and it wasn't good enough," sighed Imlach, who had piloted the Leafs to 10 straight playoff berths before this season. "That's all there was to it."

Toronto had a precedent for their flop following the Cup victory. In 1944-45, the Leafs captured the Cup and then finished fifth the next season.

Bobby Rousseau sealed the Leafs' doom with a pair of first period goals that forced Toronto to play catch-up hockey and the Leafs never quite caught up.

With only six games remaining, Toronto's maximum possible point total is 78—one less than fourth-place Chicago already has achieved. Only four teams in each division qualify for the playoffs.

Bob Nevin scored three times—twice in the final 4½ minutes—as the Rangers opened a two-point gap over idle Boston and a three-point lead over Chicago in the battle for second place in the East.

The Black Hawks, who out-shot New York 51-34, had wiped out a 3-1 New York lead with third-period goals by Stan Mikita and Doug Mohns. But 21 seconds after Mohns scored, Nevin hit for a 4-3 Ranger lead. Then Nevin's third goal of the night and 27th of the season wrapped it up.

Goalie Ed Giacomin was brilliant in the Ranger nets, stopping 20 Chicago shots in the first period as goals by Nevin and Orlando Kurtenbach got New

York off to a 2-0 lead.

Pittsburgh, battling to gain a playoff spot in the West, moved within five points of fourth place by knocking off St. Louis.

The Penguins snapped a 1-1 tie in the third period when Noel Price and Gene Ubricco clicked 62 seconds apart. Then, after Jim Roberts cut the lead to one goal and St. Louis pulled Glenn Hall for an extra attacker in the final minute, Ken Schinkel hit the empty net for the clincher.

Houston Beaten by UCLA

By JACK STEVENSON

Associated Press Sports Writer
LOS ANGELES (AP) — A sparkling "diamond and one" defense sent UCLA's Bruins after their second straight National Collegiate basketball title tonight against North Carolina.

They designed the strategy strictly for Houston's All-American Elvin Hayes and the Bruins worked it to perfection. They limited the "Big E" to 10 points in whipping the Cougars 101-69, Houston's first loss of the year after 32 straight victories, 31 this season.

North Carolina won its way into the NCAA finals with a convincing 80-66 triumph over Ohio State, Larry Miller, another All-American, paced the attack with 20 points, most for any player in the semifinals.

The Bruin-Tar Heel nationally televised finals is scheduled for 7 p.m. PST, following the 5 p.m. consolation between Houston and Ohio State.

Coach John Wooden said the special defense placed Lynn Shackelford on the 6-foot-9½ Hayes while the rest of the team formed a diamond with 7-foot Lew Alcindor under the basket.

"It was designed to keep Hayes from getting the ball, and if he got it, it would be outside," Wooden explained.

When he did get it outside, Mike Lynn usually had a hand right in front of his face.

Shackelford scored 17 points, second only to the 19 each by Lynn, Alcindor and Lucius Allen as all five starting Bruins hit in double figures. Playmaker Mike Warren contributed 14.

Hayes made only three field goals and four free throws for his 10 points and the Uclans collected equally as many points on five goal-tending calls against the Houston ace.

Coach Guy Lewis of Houston commented, "No basketball team in the world could have beaten UCLA."

Alcindor grabbed 18 rebounds in a game which saw UCLA grab a commanding 53-31 halftime lead as Shackelford and Allen bombed from outside to the delight of the Los Angeles Sports Arena crowd of 15,742.

That big lead ruined the Houston game plan and the pressing defense not only throttled Hayes, who had averaged 37.7 points a game during the season, but held the Houston team to a 28.2 shooting percentage.

UCLA hit 43 out of 83 for 51.8 per cent and gained revenge for the 71-69 loss to Houston in January, which left the Cougars rated No. 1 nationally and the Bruins second.

After beating Ohio State, Coach Dean Smith of North Carolina commented, "Bill Bunting played the greatest game of his career."

Bunting, a 6-9 junior, guarded Ohio State star Bill Hosket and did it well, in addition to scoring 17 points. Hosket, after scoring 14, fouled out with 9½ minutes left.

The Conestoga breed of horses was supposedly Flemish stallions crossbred with Virginia horses.

THIS NOTICE IS MADE AVAILABLE TO INFORM YOU ABOUT THE DESEGREGATION OF OUR SCHOOLS. KEEP A COPY OF THIS NOTICE. IT WILL ANSWER MANY QUESTIONS ABOUT SCHOOL DESEGREGATION.

1. DESEGREGATION PLAN IN EFFECT

The Washington public school system is being desegregated under a plan adopted in accordance with Title VI of the Civil Rights Act of 1964. The purpose of the desegregation plan is to eliminate from our school system the racial segregation of students and all other forms of discrimination based on race, color, or national origin.

2. THIRTY-DAY SPRING CHOICE PERIOD

Each student or his parent, or other adult person acting as parent, is required to choose the school the student will attend next school year. The choice period will begin on March 28, and close April 28, 1968.

3. EXPLANATORY LETTERS AND SCHOOL CHOICE FORMS

On the first day of the choice period, an explanatory letter and this notice will be sent by first-class mail to the parent, or other adult person acting as parent, of each student then in the schools who is expected to attend school the following school year. A school choice form will be sent with each letter, together with a return envelope addressed to the Superintendent. Additional copies of the letter, this notice and the choice form are freely available to the public at any school and at the Superintendent's office.

4. RETURNING THE CHOICE FORMS

Parents and students, at their option, may return the completed choice forms by hand to any school or by mail to the Superintendent's office, at any time during the 30-day choice period. No preference will be given for choosing early during the choice period. A choice is required for each student. No assignment to a school can be made unless a choice is made first.

5. CHOICE FORM INFORMATION

The school choice form lists the names, locations and grades offered for each school. The reasons for any choice made are not to be stated. The form asks for the name, address and age of the student, the school and grade currently or last attended, the school chosen for the following year, the appropriate signature, and whether the form has been signed by the student or his parent. Any letter or other written communication which identifies the student and the school he wishes to attend will be deemed just as valid as if submitted on the choice form supplied by the school system. The names of students and the schools they choose or are assigned to under the plan will not be made public by school officials.

6. COURSE AND PROGRAM INFORMATION

To guide students and parents in making a choice of school, listed below, by schools, are the courses and programs which are not given in every school in this school system.

The courses and programs that are offered at Hope and Yerger High Schools but are not offered at Lincoln are physical science, physics, speech, Latin, Spanish, journalism, shorthand, office practice, band, bookkeeping, and football. Lincoln has an "A" rating. Hope and Yerger High Schools are "North Central" rated.

7. SIGNING THE CHOICE FORM

A choice form may be signed by a parent or other adult person acting as parent. A student who has reached the age of 15 at the time of choice, or will next enter the ninth or any higher grade, may sign his own choice form. The student's choice shall be controlling unless a different choice is exercised by his parent before the end of the period during which the student exercises his choice.

8. PROCESSING OF CHOICES

No choice will be denied for any reason other than overcrowding. In cases where granting all choices for any school would cause overcrowding, the students choosing the school who live closest to it will be assigned to that school. Whenever a choice is to be denied, overcrowding will be determined by a uniform standard applicable to all schools in the system.

9. NOTICE OF ASSIGNMENT, SECOND CHOICE

All students and their parents will be promptly notified in writing of their school assignments. Should any student be denied his choice because of overcrowding he will be promptly notified and given a choice among all other schools in the system where space is available.

10. STUDENTS MOVING INTO THE COMMUNITY

A choice of school for any student who will be new to the school system may be made during the 30-day choice period or at any other time before he enrolls in school. An explanatory letter, this notice and the school choice form will be given out for each new student as soon as the school system knows about the student. At least seven days will be allowed for the return of the choice form when a choice is made after the 30-day choice period. A choice must be made for each student. No assignment to any school can be made unless a choice is made first.

11. STUDENTS ENTERING FIRST GRADE

The parent, or other adult person acting as parent, of every child entering the first grade is required to choose the school his child will attend. Choices will be made under the same free choice process used for students new to the school system in other grades, as provided in paragraph 10.

12. PRIORITY OF LATE CHOICES

No choice made after the end of the 30-day choice period may be denied for any reason other than overcrowding. If the event of overcrowding, choices made during the 30-day choice period will have first priority. Overcrowding will be determined by the standard provided for in paragraph 8. Any parent or student whose first choice is denied because of overcrowding will be given a second choice in the manner provided for in paragraph 9.

13. TESTS, HEALTH RECORDS AND OTHER ENTRANCE REQUIREMENTS

Any academic tests or other procedures used in assigning students to schools, grades, classrooms, sections, courses of study, or for any other purpose, will be applied uniformly to all students without regard to race, color or national origin. No choice of school will be denied because of failure at the time of choice to provide any health record, birth certificate, or other document. The student will be tentatively assigned in accordance with the plan and the choice made, and given ample time to obtain any required document. Curriculum, credit, and promotion procedures will not be applied in such a way as to hamper freedom of choice of any student.

14. CHOICES ONCE MADE CANNOT BE ALTERED

Once a choice has been submitted, it may not be changed, even though the choice period has not ended. The choice is binding for the entire school year to which it applies, except in the case of (1) compelling hardship, (2) change of residence to a place where another school is closer, (3) the availability of a school designed to fit the special needs of a physically handicapped student, (4) the availability at another school of a course of study required by the student, which is not available at the school chosen.

15. ALL OTHER ASPECTS OF SCHOOLS DESEGREGATED

All school-connected services, facilities, athletics, activities and programs are open to all on a desegregated basis. A student attending school for the first time on a desegregated basis may not be subject to any disqualification or waiting period for participation in activities and programs, including athletics, which might otherwise apply because he is a transfer student. All transportation furnished for the school system will also operate on a desegregated basis. Facilities will be desegregated, and no staff member will lose his position because of race, color or national origin. This includes any case where less staff is needed because schools are closed or enrollment is reduced.

16. ATTENDANCE ACROSS SCHOOL SYSTEM LINES

No arrangement will be made, or permission granted, by this school system for any students living in the community it serves to attend school in another school system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin. No arrangement will be made, or permission granted, by this school system for any students living in another school system to attend school in this system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin. The Washington School District will make arrangements for students of either race, in grades nine through twelve to attend either Hope High School or Yerger High School, provided the student desires to attend because of the higher rated school or to receive benefits of something offered there which is not available in the Washington District. The Washington School District will grant permission for students of another school district to attend one of its schools for similar reasons.

17. VIOLATIONS TO BE REPORTED

It is a violation of our desegregation plan for any school official or teacher to influence or dissuade any person from choosing a school where a desegregated education can be obtained, or to threaten any person with penalties or promise favors for any choice made. It is also a violation of Federal regulations for any person to intimidate, threaten, coerce, retaliate or discriminate against any individual for the purpose of interfering with the free making of a choice of a desegregated school. Any person having any knowledge of any violation of these prohibitions should report the facts immediately by mail or phone to the Equal Educational Opportunities Program, U. S. Office of Education, Washington, D. C. 20202 (telephone 202-962-0333). The name of any person reporting any violation will not be disclosed without his consent. Any other violation of the desegregation plan or other discrimination based on race, color, or national origin in the school system is also a violation of Federal requirements, and should likewise be reported. Anyone with a complaint to report should first bring it to the attention of State or local school officials, unless he feels it would not be helpful to do so. If State or local officials do not correct the violation promptly, any person familiar with the facts of the violation should report them immediately to the U. S. Office of Education at the above address or phone number.

Far West Cutter and Chariot Racing

By BRUCE FOX

JEROME, Idaho (AP) — The starting gates swing open and the cold, wintry air is shattered by the thundering of 16 hooves and two sets of wheels.

Quickly the teams reach 40

miles an hour, hurtling down a frozen dirt track to the cheers and shouts of hundreds lining the quarter-mile railing. The drivers, bracing themselves on small platforms between two open wheels, lean into the wind, grasping the reins to stay aboard the lurching chariots.

The teams flash across the finish

line with a final burst of speed, into the game. For the basic price, you can buy a good team of horses, a chariot with wheels, a cutter with snow runners, and the various essential tack items like harnesses, reins, bridles and blinkers.

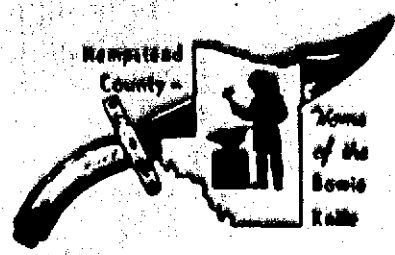

The tarpon is not important as a food fish.

Another Sunday afternoon chariot race is over.

In parts of the country where snow is not abundant, the sleds or cutters are replaced with two-wheeled chariots.

It takes from \$1,500 on up to get

THIGH-HIGH WATER threatens to put this Indonesian street peddler out of business as he gets caught in the middle of a flash flood in Djakarta. Flood, caused by a sudden downpour, also created traffic chaos in the capital city.

Some 250 scientists conferring in New Orleans on manned missions to the planets heard an expert advise them to send women along.

Lawrence E. Jenkins, an aerospace engineer, said he was not talking as much about sex as the emotional stability that women can provide.

He said he was surprised, and so are we, that there has been no study of possible mixed crews.

After all, every other vehicle devised by man has had a place for woman—the surrey with the fringe on top, the bicycle built for two, the merry Oldsmobile—and there's no reason to suppose that a spacecraft wouldn't offer at least a backseat. — The Norfolk (Va.) Virginian-Pilot

With French Fries On The Side

By and large, the American people have the money to eat well. Instead, they eat richly.

The awful truth struck home the other day when, in the adjoining booth, we saw a man lunching contentedly on a bowl of chili, a bottle of orange pop and a slab of coconut cream pie. In the booth beyond his, a professional dietitian, with her degree in home economics, had fainted dead away.

Generations of her kind have labored to teach the affluent society the benefits of a balanced, vitaminized, mineral-laden diet: Calcium for bones, protein for sinew, crusts for curly hair and a capsule supplement for sparkling eyes and winning personality. How much they have failed is spelled out in a report from the Secretary of Agriculture, who notes sorrowfully that the American people are eating worse than they did when they were poor.

It is all part of a plot by the Department of Agriculture to convert a race of carnivores with sweet teeth to the joys of carrots, raw cabbage, fresh fruit and skimmed milk, the whole garnished with parsley. It is doomed to failure. Eating as one pleases is about the only freedom left, and it is not astonishing that nearly everyone is overdoing it. — Charleston (W. Va.) Daily Mail

Car Seemed to Test Out Well

TROY, N.Y. (AP) — Take a test drive and see how you like it, Arthur H. Hoffman told a prospective buyer at his used car lot. The customer did, and never returned.

Sexual Honesty Group Planned

BOULDER, Colo. (AP) — Fifty students at the University of Colorado met Monday night to organize a "League for Sexual Honesty."

The announced purpose of the organization is to protest "outmoded sex laws."

Forty-two men and eight girls attended.

Barbershops Lose Business

CAMBRIDGE, Mass. (AP) — Barbershops in and around Harvard Square report business losses of 20 to 60 per cent because so many students wear long hair, according to a survey by the Harvard Crimson, the university's daily newspaper.

Tongues Make the Music

IOWA CITY, Iowa (AP) — The tongue's the key to sweet notes on a horn, but musicians always have been close-mouthed about how it's done. After all, you can't play wind instrument with your mouth open.

Then the University of Iowa developed a plan to chart tongue movements on X-ray film during an actual performance, figuring this might disclose the positions essential to virtuosity.

After 424 charts and graphs were compiled and analyzed, the researchers concluded: "A few tongues went one way while the majority went the other—and the minority tongues are making music just as good."

HORSE SENSE should tell Frigid Brig to shy away from the furry creature sniffing at her hoof. Perhaps she knows the skunk is a deodorized pet at the Valley Hunt Club, Bradford, Pa., where photo was taken by W. Forrest Stewart.

Rules Religion Grounds to Oppose Draft

LITTLE ROCK (AP)—Roger D. Carson, 20, of Jonesboro, can legally refuse to be inducted into military service because the Selective Service Act exempts persons who are conscientiously opposed to military service on any sincere religious grounds.

Federal Judge John E. Miller of Fort Smith handed down the ruling in Carson's case Wednesday.

Carson reported to the induction station at Little Rock July 12, 1967 but refused to step across the line to signify that he had been inducted.

Carson says he is opposed to medical treatment, including shots and vaccinations, because of sincere religious beliefs. Carson refused to be inducted because he would be subjected to shots and vaccinations.

Miller found Carson not guilty of refusing to submit to induction. He said Carson should have been allowed to perform two years of civilian work in lieu of military service.

Miller said the question "is not whether Congress can constitutionally subject the defendant to immunization, but whether to do so would be to discriminate against his religion in view of other congressional action or inaction."

Finds Tomb of Carved Jade

BELIZE, British Honduras (AP) — A Royal Ontario Museum expedition in British Honduras has discovered a tomb containing what was described as the largest carved jade object ever found in the Maya area of Central America.

The object, a carved head weighing about 9 pounds, was found at Altun Ha, a ceremonial center 30 miles north of Belize.

Cheers, Jeers Greet Two Speakers

By ROBERT O'MEARA
Associated Press Writer
MILWAUKEE, Wis. (AP) — Sen. Eugene J. McCarthy and Secretary of Agriculture Orville Freeman both addressed students audiences in Wisconsin Thursday.

McCarthy drew cheers. Freeman, campaigning on behalf of President Johnson, heard hisses.

Freeman cut short a prepared speech on U.S. achievements in food production and distribution when he was unable to make himself heard above the hisses from a University of Wisconsin audience in Madison.

McCarthy, a Democratic presidential candidate, emphasized a youth and student theme in an appearance at Marquette University in Milwaukee where he was greeted with a handclapping, standing ovation and chants of "We Want Gene!"

Freeman halted his speech after telling an overflow crowd of some 700 persons it was "too much of a burden to attempt to speak over the bedlam" created by antiwar students. Many shouted "napalm" and "atrocities" during the talk.

Before Freeman left the stage, one crowd stood up and told him: "I'm extremely embarrassed for my university and I'd like to apologize." About half the students stood and applauded her remark.

The former Minnesota governor was booed from the time he entered the auditorium. A number of students carried placards calling for the election of McCarthy who is opposing Johnson in Wisconsin's April 2 primary.

"Is it right," Freeman asked, "that you people who are hollering at me are all supporters of Sen. McCarthy?"

The question was met with jeers.

Earlier in the day McCarthy claimed that the rise in milk support payments to 90 per cent of parity "is the first tangible benefit to the people of Wisconsin" of his candidacy for the Democratic nomination.

Freeman announced the increase Wednesday while campaigning for Johnson. His tour of the state was to be followed by Vice President Hubert H. Humphrey's arrival in Milwaukee tonight and with a visit next week by Robert Weaver, secretary of housing and urban development.

Humphrey Tells of Review of War Policy

PITTSBURGH, Pa. (AP) — Vice President Hubert H. Humphrey says the Johnson administration has undertaken in recent days "an intensive review" to find "some better or more effective way to peace" in Vietnam.

Humphrey did not elaborate. His speech was prepared for delivery today at a Democratic regional conference.

After brief mention of the review he added "there can be no true and lasting peace in Vietnam, or Southeast Asia, until militant and powerful Communist forces are convinced that aggression will not pay—and that they must turn to honest negotiation."

Humphrey criticized Republican presidential candidate Richard M. Nixon, without mentioning his name, for what he called "cynical partisanship" in saying he has a peace plan but "can't unveil it until next year."

Apparently alluding to Sens. Robert F. Kennedy and Eugene J. McCarthy, who seek the Democratic presidential nomination, Humphrey said others "feel that more could somehow be done to bring peace today."

Lucky to Get That Coin Back

SANTA MONICA, Calif. (AP) — Ever put too much money in a parking meter or put in change and had nothing happen? Then you'll appreciate the plight of John Cayton, 13.

John took a penny from his mother to put in the meter in front of a coin shop where he was going to let an expert look at his prize 1879 Arrows-type dime.

You guessed it.

Subsequently, for the first time in memory of Santa Monica meter collectors, a patron actually demanded his money back. The request filtered up Wednesday to city Treasurer Kiy Watanabe and was granted.

The youth, elated at the recovery and also tardy for school, rushed off with the dime—which the coin expert said in quick glance could be worth \$150 or more.

Westmoreland Named Army Chief of Staff

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — President Johnson's decision to bring Gen. William C. Westmoreland back from Vietnam and make him Army chief of staff is certain to be interpreted by some as disenchantment with Westmoreland's conduct of the war. Westmoreland's reaction heightened the impression of a rebuff.

"I regret to leave this war-torn land before the battle is over and before peace is restored," the four-star general said in Saigon after learning the news by telephone.

Westmoreland said he got the word from Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff—not from Johnson, who has been considering Westmoreland's bid for up to about 200,000 more troops.

The President's action, announced abruptly Friday evening, deferred selection of a successor. This raised speculation Johnson might pass over Gen. Creighton Abrams, Westmoreland's deputy, in favor of a new face with a new strategy.

Westmoreland, who will replace retiring Gen. James H. Doolittle as Army chief in the Pentagon on July 2, said "I would hope" Abrams succeeds him as Vietnam war leader. "I have absolute confidence in the ability and leadership of Gen. Abrams," Westmoreland said.

Pentagon officials said it was common knowledge in defense quarters for the past year that Westmoreland would leave Vietnam this summer after nearly four years in the demanding post.

Friends of Westmoreland, seeking to counter any impression he is being sacked, argued the job of Army chief of staff can hardly be rated a demotion. They noted that as Army boss Westmoreland will be on the Joint Chiefs of Staff and will have a major voice in formulating future Vietnam military policy.

Disorders Report Is Best Seller

By AUSTIN SCOTT
Associated Press Writer

NEW YORK (AP) — Only two weeks old, the paperback edition of the report of the President's Commission on Civil Disorders is already soaring toward million-seller status. And it's sparking a number of projects among businessmen, in churches, and in poor communities.

A spokesman for Bantam Books said Thursday the publishing house has just ordered 70,000 more copies printed, bringing the total to 810,000. The 720-page, \$1.25 edition sold 300,000 copies in its first three days, leading some outlets to call it "the fastest seller since Valley of the Dolls."

Bantam said an enormous range of organizations, public and private, have placed bulk orders for use in a variety of projects.

At an emergency meeting of the Priest's Senate of the Brooklyn, N.Y., Roman Catholic Diocese last week, members present approved a resolution asking Archbishop Bryan J. McEntegart to buy 50,000 copies and distribute them throughout the diocese in schools, churches and Catholic organizations.

"Wherever you are, it's constantly talked about," said James Hepburn, an 18-year-old Negro senior in a Brooklyn public high school. "Quite a few of the kids haven't read it, but they're all looking forward to it."

Hepburn's economics and psychology teachers assigned the book as source material for class discussions on whether teenagers are more prejudiced now than before the riots.

Detroit Catholic Archbishop John F. Dearden said last week the National Council of Catholic Bishops has instructed its Social Action Department to draft a series of positive proposals as a response to the report.

Youth Should Be Told Early Importance of Good Personal Credit

By MARY ANITA LASETER
Star Feature Writer

How do you rate, credit-wise? That is another way of asking, "How is your financial reputation?" You had better hope for and work toward establishing a good credit rating. Why? The sensible use of credit has never been less understood or more abused than it is today. The only way to correct this situation is to teach our citizens—PARTICULARLY OUR YOUNG PEOPLE—the meaning and importance of sound individual credit and what it can do both to help and to hinder them.

Debt, once looked upon as a personal tragedy, is now an accepted way of life, and to an extent, the growth of personal credit has been responsible for the steady increase in our standard of living. Serious problems arise, however, when this credit is misused. It is a sad fact that as our credit economy expands, so too, do its abuses by people who don't understand the importance of protecting their personal credit.

What principles should form the foundation of a sound approach to family credit? W. D. Connel, General Manager, Los Angeles, Retail Merchants Credit Association, in 1961 gave the following suggestions which are equally sound today.

1. Establish your family credit program with a secured credit risk—that is, an obligation involving a piece of merchandise which the seller can reclaim if you default (e.g., a television set or automobile).

2. Build your credit by using it judiciously—by saving enough for a reasonable down payment for growing range of products or services; then meeting every payment deadline unfailingly.

3. On any credit purchase, pay down as much as possible and pay it off in as short a time as possible. The least expensive means of obtaining a line of credit is through charge accounts in your local stores.

4. Be conservative in the use of credit. NEVER OVEROBLIGATE YOURSELF. Be sure you have a margin of income over and above your normal living expenses and present credit obligations. NEVER tie up your entire income on time payments. When you do, a few days layoff or an emergency in the family can be catastrophic.

What about an emergency? Nearly everyone experiences such an event at some time. If you SHOULD get into credit difficulties and are completely unable to meet your obligations, you are advised to go directly to your creditors, tell them your situation frankly, and try to work out some means of repayment possible within your present straitened circumstances. Most creditors will lean over backward to help you work out a solution.

How is a good credit rating established? Credit men will take a detailed look at you from three different perspectives:

Do you have a good paying re-

cord? If you pay consistently on time, you'll show up satisfactorily here.

Are you stable? Individual stability usually indicates a good credit risk. For this reason, people who don't move frequently, who own their home (providing they have some real equity in it), who are married (and have children) are the least likely to leave merchants holding unpaid bills.

Do you have a verifiable and substantial employment record? If you are employed by a solid company and making a reasonable wage, your credit potential rises.

Credit is a precious and highly useful asset in family living. It should be treated this way—and not casually destroyed out of greed or ignorance.

Now Nixon Turns to Winning

By THE ASSOCIATED PRESS

Months sooner than he had figured, Richard M. Nixon is starting to make the switch from jockeying for the Republican nomination to the much bigger goal of winning the presidency.

Gov. Nelson A. Rockefeller's announced Thursday removing himself from consideration for the nomination left Nixon without a serious rival.

He immediately began revising his political timetable and said visits to a number of states that had to take low priority while he was still seriously challenged in primaries will be possible much sooner.

Does this mean he is starting now his campaign for the Nov. 7 election, he was asked.

"Yes," Nixon said in an interview in Milwaukee Thursday night.

The GOP and the press were primed Thursday to hear Rockefeller announce he had finally heard the call and was going to shoot for the GOP nomination. They were stunned to hear him say just the opposite.

He summed it up in his first sentence: "I have decided today to reiterate unequivocally that I am not a candidate campaigning, directly or indirectly, for the presidency of the United States."

Last anyone looked for hidden meanings, he warned, "I mean, and I shall abide by, precisely what I say."

While emphasizing that he will not take the nomination for granted, Nixon said the Rockefeller withdrawal means there will be major changes in where he goes and whom he sees.

In the next two months, Nixon said, he will try to confer with each of the 26 Republican governors—including Rockefeller—and "as many senators and congressmen and other party leaders as I can."

Also campaigning in Wisconsin Thursday Democratic contender Eugene J. McCarthy made a bid for Republican support.

There is little difference between the thinking of Nixon and President Johnson on the matter of war policy, the Minnesota senator said.

"The withdrawal of Gov. Rockefeller from the contest for the Republican nomination leaves Wisconsin Republicans with only one alternative to the present policies of mounting conflict in Vietnam," he said. "Only by asking for a ballot in the Democratic primary and voting for my candidacy can they give the American people an alternative choice in November."

McCarthy planned a short foray to Detroit today, then expected to resume campaigning in Milwaukee.

Had to Come Out With Bang

SANTA FE, N.M. (AP) — In an effort to air controversial issues, a group of students at Santa Fe High School have founded a newspaper they call "Bang." One student said, "It had to come out with a bang, we decided, so that was its name."

Memphis Is Buried in Heavy Snow

MEMPHIS, Tenn. (AP) — A record spring snowfall of up to 18 inches covered the central South Friday, stranding motorists, causing deaths and closing businesses.

The Tennessee Highway Patrol said wrecker crews worked overnight to assist stranded motorists in northern, middle and west Tennessee. Numerous roads were impassable.

The U.S. Weather Bureau blamed the unusually heavy accumulations on the slow eastward movement of the storm, which began in this area early Friday.

The forecaster said cold temperatures met "what would normally be heavy rain."

Particularly hard hit were west and middle Tennessee, western Kentucky and northern Mississippi. In all, 15 states from Louisiana to Michigan were affected.

The total snowfall here was 16.1 inches, second heaviest since weather records began nearly 100 years ago. The St. Patrick's Day snow of 1892 totaled 18 inches.

Elsewhere, there were 13 inches at Louisville, Ky.; 12 inches at Clarksville and Oxford, Miss.; 13 inches at Dyersburg and Jackson, Tenn.; 12 inches at Hopkinsville, Ky.; and 8 inches at Nashville.

Five deaths in Kentucky and three in Tennessee were attributed to slippery road conditions. At Dyersburg, the roof of a furniture warehouse collapsed under the weight of snow, and police here reported that roofs of several carports and garages fell.

Most downtown Memphis stores closed Friday and suburban businesses shut their doors early because of a lack of customers. Some plants halted manufacturing operations and absenteeism was high at other industries.

As the storm moved eastward Friday, the temperature dropped 26 degrees in an hour at Knoxville, Tenn.—from 72 at 3 p.m. to 46 at 4 p.m.

Travelers warnings also were issued for northern Alabama where the snowfall amounted to as much as four inches. There were no significant accumulations south of Birmingham.

Strong winds and thunderstorms swept most of Georgia and southern Alabama, downing power lines, damaging roofs and smashing windows in many areas. One person was injured when his house trailer was blown off its foundation in Buchanan, Ga.

The massive storm dumped heavy snow across western Ohio late Friday and was centered in lower Michigan early today. The storm's influence was felt all the way to the Eastern Seaboard and up and down the coast in the form of freezing rain, thunderstorms, fog and drizzle.

East of the belt of snow and ice, thunderstorms rumbled through the night from Florida to the Carolinas. Fog and drizzle were widespread northward into New England.

Windy temperatures stung the plains, ranging down to 9 above zero at North Platte, Neb., before dawn. Clear skies covered much of the western half of the country, however.

Incident of Pueblo Has Simmered

By LEWIS GULICK
Associated Press Writer

WASHINGTON (AP) — Two months after North Korea's Jan. 23 seizure of the U.S. intelligence ship Pueblo, the brink-of-war fever it generated has simmered down to a lingering diplomatic crisis.

American officials, who chose diplomacy instead of force, say they foresee no release of the vessel and her 82 surviving crewmen any time soon.

While two U.S. aircraft carriers stand by well off the Korean coast in the Sea of Japan, the antagonists now thrust and parry through spokesmen in secret, creaky talks at Panmunjom.
